

## **PRT Parks Tour Discussion- ANDERSEN PARK**

### Repairs:

- In West shelter light was on at 10 AM this day
- In West shelter, west lower electrical cover loose
- In East Shelter, north outlet needs cover
- Gate at west creek is open and will not close
- Bench at middle west side of playground is leaning
- Splash pool gate open at an angle
- New tennis court fabric (maybe new brand)
- Tennis court resurface and fence replace,
- Playground equipment upgrades
- MFAC staining, nets & pergola
- 

### Improvements:

- Remove weeds and gravel down center of tennis court
- Water ponding at entrance to tennis court
- Overhead hardware at entrance turnstile should be removed
- Erosion has surfaced sprinkler head at oak northwest of parking lot
- Clear abandoned electrical hardware on light pole at playground
- Corkboard on signboard needs replacing. This is good location to post
- Championship Tree brochure
- Hand rail for tennis steps
- Sand/restain shelters
- Playground edging
- Benches w/ armrests to assist in getting up (2018)
- New seating w/ concrete so no ground erosion
- More seating since it is used for lunch (2018)
- 

### Tree locations:

- Remove stakes on newly planted tree south of parking lot
- Declining Oak at east between City Hall and pool should be removed
- Three street trees, possible Catalpa, would provide shaded pool parking
- 

### Future ideas:

- Tennis court resurface, fence replace, seating/shade installed, eventually new lights
- Does it look any different from the others? Should it?
- LWCF were used in this park so KDWPT (KS Dept of Wildlife, Parks & Tourism)
